ASFAR DEVELOPER PROJECT

Project: Asfar Developer Residential Society

Project Type: Residential

Area: 180,000 sq. ft.

Asfar Developer is a prestigious residential society comprising 22 exquisite homes, spread across 180,000sq. ft. of pristine land. This ambitious project presented an exciting opportunity to create a harmonious balance between uniformity and individuality.

I expertly utilized 3ds Max, V-Ray to produce detailed 3D models and photorealistic renderings, ensuring that every aspect of the project was meticulously planned and executed.

Services Provided:

- 3D modeling and rendering
- Elevation design
